

The *Blodwen* Supertitles Package consists of:

1. **three Powerpoint slideshows**, one for each act, which contain the supertitles themselves. The **notes section** for each slide contains an indication of the point in the **vocal score** (see 2. & 4. below) at which the supertitle on the slide is to be shown. For example #7 m21 indicates that the supertitle should be projected in number 7 of *Blodwen*, at the start of measure 21.
2. **three PDF files**, one for each act, of the **vocal score**, marked up to show the point of changeover from one supertitle slide to the next.
3. **two short Word files** containing notes of explanation relating to Acts 1 and 2 (*Blodwen* is sometimes performed in two, rather than three, acts)
4. **a hard copy of the Marked-up Score** (see 2. above)
